

Statewide Transportation Improvement Program (STIP)

As part of the Transportation Efficiency Act for the Twenty-first Century (TEA - 21) of 1998, the Missouri Department of Transportation (MoDOT) is required to develop a Statewide Transportation Improvement Program for all areas of the state. The STIP includes all projects within Missouri that are proposed for funding under TEA - 21 and the Federal Transit Act.

The STIP includes the following sections:

2000 - 2004 Highway and Bridge Construction Schedule

Special Projects / TEA 21 High Priority Projects

Surface Transportation Program (STP) - Safety Improvements

Off - System Bridges, On - System Bridges and STP - Urban Areas

Enhancement Program

Rail / Highway Crossing Safety Projects

Transit Projects

Public Lands: Forest Highways, Park Roads, and Parkways

Metropolitan Planning Organizations (MPOs) develop Transportation Improvement Programs (TIPs)

Columbia Area Transportation Study Organization
Joplin Area Transportation Study Organization
St. Joseph Area Transportation Study Organization
Springfield Area Transportation Study Organization
Mid-America Regional Council (Kansas City)
East-West Gateway Coordinating Council (St. Louis)

The current Metropolitan Planning Organization Transportation Improvement Programs are only referenced in the Statewide Transportation Improvement Program (see Section 15). The above TIPs have been approved by their corresponding agencies.
